

1/2 **Refresh**

A lot of light and vivid colours can make you feel comfortable and relaxed like in nature.

REFreshome

Common organisation

1. Entrance
2. Wardrobe
3. Toolbox & bicycle
4. Bathroom
5. Dining room
6. Kitchen
7. Room1
8. Room2
9. Living room

Solution

I tried to create comfortable and peaceful home which can easily be transformed when it is necessary. In usual situation, it has entrance with wardrobe, space for bike and toolbox, relax room, kitchen, dining room and living room. Room on the left side can be easily transformed into office and space in front into waiting room. Some of the inner walls (which also serve as shelves) can be moved using rails on the floor and the ceiling. You can move these walls (shelves) to the main wall and create dining room for 12 people. In walls (shelves) are hidden beds that can be used if that is needed.

MATERIALISATION

Furniture should not be made of wood from the forest regularly, but instead, is made from recyclable materials like bamboo wood, foam material, steel, plastic, aluminum

2/2

REfresh

A lot of light and vivid colours can make you feel comfortable and relaxed like in nature.
