Solution

HyperTime is a product of a discovery that his mother made during the 60's.

She was a genius scientist, a quantum physics specialist, and, for unknown and strange circumstances, chose to live by his son's side as a housewife.

She got married to a military man.

She raised his son under an apparent normal life, but teaching him unrevealed quantum physics secrets hidden in everyday actions, hoping that he would realize that he was a genius perhaps even better than her- once he grew up.

His father, unaware of this reality, raised him as a truly sportsman, and taught him to defend himself.

He couldn't take himself away from his mother's teaching, so he ended up studying Quantum Physics in the
