

1/2 the delivery super-fairy

Lieferheldy, the cute delivery super-fairy delivers food always fresh and on time

Solution

a totally different approach from my previous one ... this time trying to combine a superhero with something from a children's book, a fairy
feeling a little nostalgic for the old times when superheroes and cartoons in general all had much more personality to them and werent all 3d and "technologic".

Create Your HERO!

2/2

the delivery super-fairy
