A zeppelin (remote-controlled, about 4-5 m) in the form of a cell phone turning overlarge numbers of people who are waiting for Football stadiums, open-air concerts, festivals, ...

The Zeppelin has a LCD screen and shows clips from the hilarious Bitbop program.

An LCD on the treadmill to make people aware of a photo competition. Simply make a photo or a video of the Zeppelin and on any one photo community, com or social community video upload and send the link via SMS to Bitbop.
