

## 1/2 Intelligent Secure Routing

A secure and safe environment for IT business

The advertisement features a blue sky background with white clouds. At the top, the text 'INTELLIGENT SECURE ROUTING G2' is displayed in white. Below this, a large white cloud contains a blue shield icon with a keyhole in the center. Further down, a paragraph of text describes the ISR G2 as one of Cisco's leading router products, used by Enterprise IT organizations from Fortune 500 companies to small/medium businesses. At the bottom left, there are images of two ISR G2 router units and several network interface cards. To the right of these images, the text 'ISR G2' is followed by a smaller version of the descriptive paragraph. The Cisco logo is positioned at the bottom right of the graphic.

### Solution

The idea is about security. Providing security for cloud computing and businesses using IT networks. The sky background is to show that whatever be the size of a business/network the new ISR G2 Router is configured enough to secure everything on the table.

In a Network State of Mind
