

1/2 **TRANSFORMER**

Marriott 3d Restaurant is a space with unlimited possibilities of visual and physical transformation. **AUTOMATED TRANSFORMATION** takes only a few minutes. The **THEME** of the restaurant can be changed right in front of guests.

Solution

Transformation is completed in only a few minutes, and visitors can stay in their places during the transformation! It means that there is no need to close the restaurant and to lose some working hours and to spend the human resources for the transformation works - all done automatically by pressing a button on the remote control!

SMART CONTROL helps to roll up/down automated partition walls, to change common lights and to raise/lower automated local light chandeliers, to change the heights of the automated furniture, to change the picture/video on a Virtual Wall.

2 modes of furniture height, unlimited variability of Virtual Wall, 3 modes of local lights, various options of partition walls, 2 functions of mobile zone and 3

modes of plan generally provide unlimited opportunities for the visual transformation of the
