

1/2 **NOMAD SYSTEMS**

NOMAD SYSTEMS

Solution

The idea is create nomad systems that can be easily changed to create new atmospheres depending the needs of everyday restaurant.

the mobility of each presented systems garentee a quickly solutions update and the organic character of the forms create a perfect integration with other elements and between each others

Fort by Studio Arihiro Miyake

An acoustic particion system, formed out of recycled PET bottle fibre. the assembly is by the integrated high performance magnets, witch allows easy modification and unlimited extensibility of the system.

Vitra Algue:

Algues are both functional design components and decorative elements. Reminiscent of plants,
