

1/2 **S.E.R.I.C.A.V.**

Cost-effective and drastic changes can be achieved! The transformation time max. 30 min!

Solution

The blind-like structure operating on the principle column provides an excellent opportunity to modify the space.

The column is cylindrically rolled internal materials can be found that are linked to the column shell.

The hulls are part of extractable materials that allow the hidden wired so radically transformed the space!

Cost-effective and drastic changes can be achieved!

So as in the morning became a film presentation of your dec be used in the afternoon can be a club atmosphere, while in the evening gives the feel of an elegant soiree!

The transformation time max. 30 min
