

1/2 **Couple**

Caution + Information

**Solution**

A couple is abstract illustrated making love! At the same time you can consider the woman as an "i" standing for information and the man as an "!" (exclamation mark), standing for caution.

Unprotected intercourse is a high and dangerous risk!

That is why both information and caution is necessary to win the fight against HIV!  
But the main value expressed with this image is responsibility!
