

1/2 **Nature Room 2022**

NATURE ROOM

Solution

The shapes of the Room 2022 are organic with nature imitated materials. Technology is in this case used to simulate the interaction between man and nature. Due to the constant increase of stress that man is exposed to daily, one needs to escape in the nature, to the relaxing effect that she has on all of us. In this sense, the technology that has enormously grown by 2022 helps implement nature into mans everyday life.
