STEP no. 8 Mister Stinky: *(goes to sleep)*
SSTSDT: *(lives to fight another day)*

Solution

meet Mister Stinky. he stinks a lot and because of that he takes lots of showers. however, he knows nothing about water conservation issues... or he doesn't care about them. he needs help...

meet Super-Shower-Tray-Soap-Detector-Thingy. a.k.a. SSTSDT... SSTSDT helps reduce water consumption during showers (especially in Mr Stinky's showers). he can detect when weight is applied to it and switch from normal water flow to soaping water flow...

can Super-Shower-Tray-Soap-Detector-Thingy defeat Mister Stinky and his habits?... Only time will tell...
