

1/2 **Lavatio - Hand Washer and Dryer**

Lavatio is a washing device to clean your hands and dry them

**Solution**

Wash your hands and get them dry in a few seconds.

The Handwasher will spray water and soap on your hands and dry them after cleaning. The total water used per wash is 200ml, but the water will get reused till it is too dirty.

I've got inspired by the brilliant Dyson airblade so i combined what should be together in firstplace!
