

1/2 **Colashell**

Box made of plastic bottles.

Solution

A lot of plastic bottles pollute the environment. Manufacture of these boxes from recycling plastic bottles helps to save the environment.

Boxes 4,6,9 bottles. Transparency box provides 100% visibility of the goods. Base of the box tightly fixes the boxes for transportation and protects the sides from scratches.

Modularity of boxes allows maximum economical fill of the pallet.

Possible to apply versatile handles for boxes and bottles.
