Solution

Problem:
"BORING"

Most young people think that theater plays are boring. just sit around, listen and watch. no interaction.

Solution:

"♦Interact with the audience!"

Interact with the audience

The tickets will be also used as lots. You can win a small part in the play. (Of course, only if the guest wants it)

The guests get behind the stage a short briefing.

With flyers and posters the people are made ??aware, that they can be a part of the theater.

This is an experience from which we gladly report.

And word of mouth begins...

»it ´s fun!«
