

## 1/2 defend your field! phone&pad case

A phone&pad case that printed with a green field, you can play a AR(Augmented Reality) game on it!

3 the logo turns into a turret in the AR (Augmented Reality) circumstance.  
4 fire the football shells to hit back the invaders,defend your green field!

### Solution

This is not a normal phone&pad case that printed with a green field. you can even play a AR(Augmented Reality) game on it!

1 take off the case and put it on the desk.

2 start the "defend your field" app,and let the camera focus on the logo.

3 the logo turns into a turret in the AR (Augmented Reality)

circumstance.

4 fire the football shells to hit back the invaders,defend your green field!

There are many AR games in app store,such as ARDefender,you can check it out on <http://www.ardefender.com>
