

1/2 7 Billion Stories

Seven Billion People, Seven Billion Stories

Solution

Updated: 2012-04-17 click right ----->

Textiles and fabrics have different meanings and functions among the many cultures in this one earth.

They keep us warm, they protect us, they comfort us.

They bring us together and sometimes, sadly they separate us.

An individual's understanding is as different as the various patterns, colors, weaves and materials from all of earth's cultures.

Seven Billion stories.
One Earth.
Textiles.
