

1/2 MACH THEATER

Du bist der Regisseur - wir bringen dein Stück auf die Bühne.

Solution

MACH THEATER

See your story with the eyes of somebody else.

If you want to attract a new public to the theatre you should get them involved.

The concept **Mach Theater** gives an opportunity to each person to express himself/herself by being a director. He/she writes a story that is to be performed by professionals. No need to say that you can write a story as a team (interesting for school classes (e.g. theatre classes or art classes)).

All the pieces will be recored and posted on facebook/websites.

Other participants have the cahnce to rate each piece.
