Solution

The concept is that the floor is to expose different images and photographs in the floor. The floor is punctuated with photographs or images of the best memories of your life so you contemplate them every day.

Offices can also expose logos or projects of their companies on the floor. The floor becomes a showcase of what you want to expose. Creating a personalized floor for your home, office or store!

Recreate a timeline of your life on the floor!

Two tiles are proposed in two different sizes. One is 1' x 1' to fit 4 pictures and one is 2' x 1' to fit 6 images. These image tiles can be inserted with any type of
