

1/7 **Kirigami**

Kirigami is a extremely foldable and extremely lightweight garden furniture.

**Solution**

Kirigami table and seats are made from polypropylene leaves which form a honeycomb allows you seat it folds and deploy as if it were an accordion.

And when it is closed just 6 cm thickness measured by what fits in any drawer.

The folding kirigami furniture Incorporating an  accordion-like, honeycomb  structure.

Word Kirigami means a variation of origami that typically starts with a folded base, which is then cut; cuts are then opened and flattened to make the finished kirigami.
