

1/2 **SEEDS**

A CREATIVE, COLLABORATIVE AND SUSTAINABLE CO-WORKING PLAYGROUND!

Solution

Helping each other growing up our own projects.

Everyone can seed(collaborative influence) into any project or receive seeds(collaborative influence) as well to enhance each others projects.

SEEDS work in online(app) / offline modes and they are in outdoors(parks and places surround by nature) and indoors(betahaus and co-workspace partners).

Technologies to be used:

1. Solar panels(optional human energy generated with static bicycles).
2. Wi-fi super fast connectivity(for indoors and outdoors places/stations).
3. Touchscreen boards.
