

1/2 **Betachair**

Chair with LED lamp, storage ,(back,arm, foot rest),and track ball for easy movement for co-worker

**Solution**

Inspired from B form for Betahaus  
In now, every people want gadget or thing is simple and functional in one thing. So, i try create simple chair with some function. Like with LED lamp, storage and completed with movable tilt back rest .  
And track ball for easy co-worker move.

material :

1. Flexible metal in neck LED LAMP
2. Recyclable thermoplastic in Chair
3. Polycarbonate plastic for Track Ball

Wait the Perfection Update this Chairs.  
Thanks for Reading!
