Sofa chair table

Solution

Mutifunctional furniture that can function as sofa , chairs and table .. compact and detachable. Can be used even in packed mode as an island table..

Same unit different purposes from table to sofa to chairs. Please go through all the slides to see the possibilities

Sofa, pouff, coffee table, niche for private talk , conference table, dining table, display table, storage, back to back sofa, low table of two heights, recliner, temporary bed etc. Use it as u want, Lots of variations and uses for each of the elements..

The table/sofa back will have pullouts that can be used as keyboard tray, a place to place dishes for buffet ,place a choppingboard etc..

The inside of the sofa back will have a thin foam lining.

It will also have a recess in the side

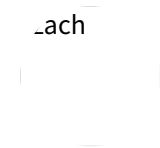

so u can keep a tablet or phone and network.. and to fix a detachable table.
