

1/2 **YPERCASE**

Ypercase System: easily solve the new technologies complexity allowing working upgrading.

**Solution**

Connect people like connect device, linking working space.

The idea is to have a upgradeable furniture, that everyone can customize according to their body fit, personal hardware and working team.

System composed by nodes and rods.

Linear design easy to insert in existing furniture.

Low storage space, fast loyalty, low cost packaging, easy transport, fast assembly: possible sale on site.

Status: 18.06.2018
