

1/2 **float**

It is colourfull and attractive design for everyone It creates a feeling of easyness and flexibility

**Solution**

The Idea was to design a Mouse that is dinamic and unique just as the life of every person that uses his laptop every day. It is more dinamic in a market where products are very strict and rough designed. It changes our vision of old and boring design with its colours, patterns and passionate lines. an eyecacher for everyone.
