

1/2 **premium series**

tapered body for pure elegance compressed in a bottle

Solution
did a series of label designs using the same bottle and label form and just changing the label design.

cap: metal embossing with silver optic (looking almost like a piece of jewellery)
bottle: tapered in the middle for better grip and uniqueness
label: silver as the primary color with some green accents. clean easy-to-read typography giving the product an overall modern look.

this is "the true one".
