Theme : **Restore**
Design Title : *Love for the Earth*
Date : *08th June, 2009.*

Solution

SAVE OUR BEAUTIFUL EARTH:

To save our Earth, we need to early precautions by environmental develop, by means to grow more greenery Plantations in everywhere in the Earth. This might gradually affect in good favorable for all of us.

EXPLAIN: Here the Circle green Layer surrounding of Earth is meant by green tree, which heart is involved with the Global-earth into heart. Green is showing Global mother is making shelter by leaves as like hand of human as examples. So, we all in the Worlds should take more care in every country to grow more plantations. This design creates a Global awareness.
