

1/2 **After Six - Black Tie**

After Six - Take it with you on a night out or to a special occasion - even to a black tie event!

**Solution**

These designs are based on some of my original artwork. The paintings are a combination of matt and metallic acrylics on canvas applied with an old credit card. The front and back of each bag show a different section of the painting - two images for the price of one on each bag!

Those designer shoes look great, but at the end of the party you may want to put on your flats from your After Six bag - or someone gives you an unexpected gift - now you have an instant bag to carry it home.
