What is the unique idea about your design?

Tropical fishes have a variety of bright colors and designs on themselves. Because of that they can be used as an interesting proposal. The most of these colorful designs can fit in a sort of kinetic art proposal. That is the aim of this idea: The use of tropical fishes as a subject to show vibrant and vivid designs. This feature turns into a colorful meaning of life and happiness, showing the magic of the tropic and waiting for every adventurer from whatever corner of the world.

Is there a special story behind your design?

Yes. It brings me back when I was a student. In that time there was an optional course of study called bionic which consisted in performing in a new way features of some animal so that they can be turned into a design proposal.
