

1/2 **I'm brokin' it**

Using genetically-modified food will unbalance the pyramid of human needs at its core.

Solution

Food is at the base of Maslow's Pyramid. Genetically-modified food will create an unbalance for the whole pyramid. It's the responsibility of men to determine their values and replacing healthy food with gen food endangers the entire value system of human beings.

2/2

I'm brokin' it

Using genetically-modified food will unbalance the pyramid of human needs at its core.
