

1/5 fariy green | a wardrobe tour with suzie pan

Full of fairies wishes...like a fairy was dancing around the garden in the mid-summer night.

Solution

this motif was created by one of my planet in the balcony. I collected , scanned then printed it out. After hand-drawing and computer progress, finally it's looks nice in the end. I do believe every planet has a fairy surround them. So I created a very simple pattern without multiple layers and colors in the end. Wish all the customer who will wear this print as a wedding dress or evening dress, they will be happy. Yeah, just happy. That's all fairies wishes...
