

1/5 Indigo Garden

Lush flowers of peonies, roses and chrysanthemums drift across a patina background of blues & greys

Solution

This is an elegant & sophisticated design. The background is hand printed cyanotypes that I made from exposed flowers from my garden.

Why does your design stand out?

It is original and beautiful.

Which kind of brands do you imagine using your design?

I imagine this design can be produced many ways. It would be beautiful as a silk velvet burnout or perhaps printed on silk taffeta. The hand drawn line work can be used separately as either a print or embroidery. If embroidered on organza the flowers could be a sheer slip or used as a layering garment.

Is the design 100% created by you or is there anything we should know about any third party material used?

yes, 100% created by me.
