

1/7 **3PORT**

3PORT - Think simple, multi and functional.

Solution

3PORT is a multifunctional space. It is for OFFLOADING, TRADE, FAIRS & EVENTS with a ROOF VIEW. It connects people from the river and the mainland. So the 3PORT get back the function of the old bridge. It also covers the port and make the port also more beautiful. A port is the first place, where tourist enter the city.
