

1/7 Tropical Arboretum

Tropical Arboretum for Linz

Solution

"Tropical Arboretum + Indoor Track + Cafe + CoWork Space"

People of Linz being given a chance to take a look of a biodiversity that is conditioned to be tropical contrary to its real existing environment. In this "warm" glass house made from reserved old bridge arches section, visitors could have a sense of how a jungle would be, with mists, exotic animal sounds, the sound of tiny waterfall water drops, etc. In the center of it all is the main building that is functioned as Cafe + CoWork Space
