"Sun Deck" bridge is not only bridge with the shape of a boat,

**Solution**

which reminiscent of the past when the river was traversed from coast to coast only with boats, but it is also a place where people are able to experience the moment of passing on the bridge. The bridge will have separate areas for relaxation and sunbathing. There will also be cafe which provides places for meeting people and creating new contacts. "Sun deck" bridge enables people to see the passing ships and enjoy the extraordinary scenery of the calm waters of the Danube river.
