

1/7 The New Old Bridge of Danube

Experience travelling back time trough the time tunnel to enjoy the good old Danube Bridge memory

The Great Bridge

Less than one third of the overall bridge used, cut in such a way to create slanted angle, giving a new look to the old bridge. Replica of the old train complete with the interior act as a restaurant offering nostalgic indulgence and great view of the Danube River.

The old train replica restaurant

Solution

The overall development consist of three zone, The Time Tunnel, The Old Railway and The Great Bridge. The Journey start from the Time Portal, travelling time back via the tunnel to remembrance the good old Danube Bridge . Replica of the old train complete with the interior act as a restaurant offering nostalgic indulgence and great view of the Danube River located at the edge of the bridge to attract visitor.
