

1/5 **Gambling**

Solution
Crowdworking can be compared to gambling - three main elements are present: consideration, chance & prize! Both are ' events' with an uncertain outcome with the primary intent of winning additional money.

Please provide us with some background information on your visualization.

Playingcards and their four main symbols -spades, hearts, diamonds, clubs- were used for the visualization to show an analogy between crowdworking and gambling. The main opportunities and risks of crowdworking are described in a booklet/manual - our kind of 'rules' we have to deal with as a crowdworker. Taking the pros and cons into consideration - everybody participating has to decide if the advantages of crowdworking outweigh the disadvantages.
