A hand drawn layered contemporary botanical inspired by the print from Versus Versace ss 2016.

my take on the trend:

inspiration:

### Solution

Splashes of saturated color sprinkling over the botanical drawings brighten this print up and make it suitable for summer while the dark background make it cool and more edgy than a typical floral. Subtle texture and layered effects give the print depth. As in the Versus Versace ss2016 collection that inspired my print, I could see it working on some menswear as well as womenswear.
