

1/3 **UNEMPLOYED OF THE YEAR -**

Not much to explain. The creativity speaks for itself.

**Solution**

This plays with the American's concept, in the big fast food or in large retail chains (for example Mc Donalds), "Employee of the Year", but instead the concept here represents the guaranteed food " as "Unemployed year". This highlights what happens if approved the TTIP, the lack of guarantee on products. All creativity are realized in 3D graphics (as you can see from the wireframe image),in this way you can accomplish these in any size and resolution.
