

1/2 **UPDATED - Canned Ice**

Cold drinks cans, without refrigeration

**Enjoy your Coca-Cola ice cold.
Any time. Any place.**

Activate the instant ice by pushing the capsule on the bottom of the can.

Within seconds the outer wall of your can is ice cold.

Enjoy your Coca-Cola without the need for ice or a refrigerator.

Solution

Want to enjoy an ice cold drink? No access to a refrigerator? Meet Canned Ice. Canned Ice is a technology that allows you to make your ambient temperature drinks can ice cold in just a few seconds. Simply pop the button on the bottom of your can - a chemical reaction takes place which causes your can to become ice cold within 5-10 seconds.
