CC is a virtual and physical neighbourhood platform for learning, helping, connecting caregivers.

Solution

>>>>>>How does it work? CARE CITY is a platform to support and connect caregivers in the neighborhood. >>>>>> Where? Potentially has every city or large neighbourhood a own CARE CITY platform. >>>>>> For whom? Volunteer caregivers in your neighborhood helping other care takers/givers. Instead of earning money caregivers donate their virtual earned tokens to selected local initiatives! >>>>>> How? CARE CITY is a virtual and physical platform. CARE CITY is both: virtual and physical help for caregivers! A online platform with weekly or monthly educational workshops. TEVA is sponsoring these weekly or monthly educational workshops. These events are the base to connect people in real life. Through this workshops caregivers can qualify their skills and get a certification as a amateur caregivers. The events / workshops are important meetings to share knowledge and build up collaborations between each other.

Describe your caregiver solution that would provide assistance or relief to the problem of the caregiver.

In many caregiver situations CARE CITY could help. Care City helps via education (workshops and onlineforums, chats) to give the right care, to share knowledge, but also to get out of the isolation – to be in a caregiver community. Find a helping hand, a certified caregiver in your neighborhood! With Care City you do good and you support others via donation for selected local initiatives (online voting).
