Describe a caregiver situation that you were/are involved in.

My girlfriend's brother was born with a rare heart disease and also a syndrome who stopped his physical and mental growth, therefore he needed permanent assistance and a personal caregiver for the rest of his life.

Explain the caregiver problem that resulted for you and/or other caregiver(s).

In my opinion, the principal problem for a caregiver is that nobody knows how hard it can get to take care of an ill person, even if you are a professional one. Especially in long-term care, such as this, the caregivers need all the support and help they can get.

Describe your caregiver solution that would provide assistance or relief to the problem of the caregiver.

The possibility to address caregiving as a team instead of being alone. An alternative scenario, where instead of a designated caregiver, you can choose a team of caregivers. They share not only know-how, but they are also sharing the care, in such a way that will benefit both the caregivers and the recipients.
