Describe a caregiver situation that you were/are involved in.

I have a situation back in my high school where we got a task to take care of one old lady . Of course she had no body to take care of her and she was alone in her house . her legs didn't work well and she was often forgetting things. No body wanted to do the task so i and my friend did it . We have good experience with her , she was so happy to have a company. It wasn't boring i felt better person and i believe that ,the good is returning to you when you do good to other people .
