

We care for the caregiver.

2/6

Respite Care

My idea is to help caregivers through team system which will be working on many levels.

Describe a caregiver situation that you were/are involved in.

This project takes me back to the past when my close family was two times in caregiving situations so I try to go step by step through all phases of our life. My dad was diagnosed with Alzheimer at the age of 55. My grandmother had a stroke at the age of 65. Their deaths were very stressful to me.

We care for the caregiver.

Respite Care

My idea is to help caregivers through team system which will be working on many levels.

Explain the caregiver problem that resulted for you and/or other caregiver(s).

There are so many problems: with my grandmother: a lack of sleep; constant care if something goes wrong; I was trying to help her with exercises and I did not want to give up, but this was very painful for her; to maintain hygiene is difficult too; with my dad was totally different – it was ten-year period; dementia process went so slowly in the beginning but at the end sometimes he couldn't recognize me

We care for the caregiver.

Respite Care

My idea is to help caregivers through team system which will be working on many levels.

Describe your caregiver solution that would provide assistance or relief to the problem of the caregiver.

My solution is to help caregivers at every level in their lives through team support: practically in day living system, with education because they don't know what to do, with friendly listening support and of course with financial problems. My idea is to look at the whole picture of the problem.

We care for the caregiver.

Are all parts of the design 100% your original work or did you use any stock or third-party materials? If yes, please link all stock, fonts and Creative Commons materials here:

I try to present my idea by website (wix.com) and it is free. Some of the texts I have used in this presentation are from other website (you have list of them) but there are here just to present my idea. All pictures are from wix.com (free). Video is from VideoBlocks

We care for the caregiver.
