

1/9 **Enlightened GORILLA**

The mighty Gorilla, calm and noble, he will rule but also he will protect.

Solution

I made a whole series of Enlightened Animals, in the pursuit of uplifting their relationship with humans as our ultimate guides. They are here to teach us more of Nature's realms than we would ever learn on our own. Respecting nature we will thrive as a human race.

What story does your design tell?

Animals have been on this Earth longer than we have as humans, therefore our mission towards them is one of collaboration and friendship. They have come a long way through evolution to finally find Enlightenment to foresee their role into our society, helping us to guide and protect Mother Nature.
