What is the mystical story behind your design?

harsh cold winters have taken many lives all over the world thru many ages and still claims victims every time it arrives. The creature I chose is Old Man Winter or also known as Jack Frost. Jack Frost is the personification of frost, ice, snow, sleet, and freezing cold. He is a variant of Old Man Winter who is held responsible for frosty weather, nipping the nose and toes in such weather, coloring the foliage in autumn, and leaving fern-like patterns on cold windows in winter.

Did you use images, graphics, fonts etc – not originally created by you? Did you get very closely inspired from a source? That's fine as long as you share that source-links.

Trebushet is the font I used for the words limited edition, is a free font. All the art work is original, no source was used to create the illustration
