

1/5 **Fro-Zen Night**

Mystical land of frozen mountains.

Solution

The label that I designed for Wodka Gorbatschow is meant to inspire uniqueness and class.

What is the mystical story behind your design?

The consumer will be transported onto a mystical land of mountains covered with ice as sharp as diamonds.

Can you tell us details about the printing specifications of your design?

The printing for the label should be done, as much as possible, in accordance to the design. I believe it is important to use these shades of dark blue. Also, another important aspect is the metallic touch.

Did you use images, graphics, fonts etc – not originally created by you? Did you get very closely inspired from a source? That's fine as long as you share that source-links.

No
