What is the mystical story behind your design?

"Whale has deep connection and knowledge of the mysteries of the deep waters, where many secrets have yet to be discovered.

This presents us with more mystical whale symbolism, as this connection to the deep waters parallels the deep mysteries, wisdom and knowledge hidden from view or access of our conscious minds, where our ultimate power resides."

Did you use images, graphics, fonts etc – not originally created by you? Did you get very closely inspired from a source? That's fine as long as you share that source-links.
