**Solution**

We visualized Santorini as a place that can have different lights coming from the sea and sky, and painted by sunlight. The iconic architecture of the place tell us about pure forms and subtle textures that give life to a concrete landscape.

Describe why you have chosen this place as a visual? What story does your design tell?

When we think of Santorini, seems like an alive postcard where you can walk on. The place is bathed by the sky colors depending the time of day, This is a magical place in the real world, full of romance where each color tells you a different story.

To be featured on social media as the Victorinox "Pick of the Day", please write a short statement about yourself (see more details in the brief).

Hi. We are two venezuelan graphic design students, whose would love travel, learn and know so much more. We think that visual communication is a strong tool for make real things happens, we believe in people and like to work on -multidisciplinary- teams, because we think anyone wouldn't do everything by their own, in a world full of brilliant minds.
