Solution

The design illustrates 2 sides of the Matterhorn Mountain, and the sun made from cut paper and their shadows in photography. The paper blends in design with watercolor golden eagles, ibex, Swiss flag and flowers found around the beautiful mountain. It is all completed by a bit of digital art for the background.

Describe why you have chosen this place as a visual? What story does your design tell?

This mountain has an impressive and massive structure. I chose it because it depicts the beauty of strength and harmony all together. It represents life and the lack of it, it is an interesting blend of different degrees of beauty.
