I choose Lyngenfjord and its surrounding mountains with the Northern lights; to represent the magic of this kind of place with his high mountains near a display of lights - Aurora Borealis.

Describe why you have chosen this place as a visual? What story does your design tell?

I have chosen this place from Norway, because of its unique mountains near the mesmerizing Northern lights. The design describes the beautiful 82 kilometre long Lyngenfjord, surrounded by blue glaciers, deep ravines, and up to 1,833 metre high mountain peaks, the Lyngen Alps with the Aurora Borealis on top of the design.
